

KIDS

TIME

Entertainment and Learning for Kids of ALL ages.

100blocks

An application that both teaches Mouse Control and Mathematics.

AlphaBaby

Lets even infants and toddlers have fun playing with the computer. Every time a key is pressed or the mouse is clicked, a letter or shape is drawn. Sounds can be played every time something is drawn. Your own sounds and pictures can also be used. AlphaBaby helps kids to learn letters, plus provides a safe environment for kids to have fun "typing" on the keyboard ! Both an application and screen saver version of AlphaBaby are provided.

aTypeTrainer4Mac

Advanced typing tutor. You have to type a mixed-string of random characters. You can customize a character set at each of the 30 levels, and thus, you can control the learning process. You can also import texts from TextEdit, from Mail or from your web browser.

Bob the Builder Zoo

A mix of education and fun that allows kids to be creative and get more familiar with the computer. With a focus on critical thinking and problem solving, kids can complete fun and educational activities to build the animal habitats for the new Bobland Bay Zoo – with the help of Bob and the Can-Do Crew, of course.

Brainormous Multiplication Table

This printable multiplication table includes the option for hiding the answers, a great feature for practicing the tables. It's also customizable. You can show or hide certain columns or rows or even click on specific answers that you want to show or hide. Print it out and see if you can fill it in!

Brickles Pro

A simple, addicting, ball and paddle game reminiscent of the breakout game of days gone by. Brickles Pro is fun for the whole family. It's a non-violent, colorful, "soundful" and amazingly customizable game.

Class Room Game Show

A teacher driven program designed to aide classrooms in lesson review, test prep, and can assist with classroom discussion. The teacher decides the game content and the game duration. There is no automatic scoring either. The teacher judges when answers are correct, close enough, or deserve extra points.

Crossword Wizard Universal

A must have crossword generator by an Australian company.

Crossword Forge

Easily make and share classroom style crossword puzzles and word search puzzles via PDF, Print and Web.

KIDS

TIME

Entertainment and Learning for Kids of ALL ages.

CueType

CueType is a no-nonsense keyboarding driller, with a particularly innovative enhancement: Instead of merely displaying drills with plain, unadorned text CueType uses clever visual cues as reminders of keyboarding practices.

Drills

Provides an interactive and graphically rich environment for students to learn their basic mathematic facts: addition; subtraction; multiplication; and division. Drills can be customized in numerous ways, eg; you can limit multiplication problems to 5-times facts or limit addition problems so that their sum never exceeds 10.

FRS Clocks

When it's time to learn how to tell time give your children a head start with FRS Clocks and Time. Program features standard, Roman, and modern clock faces as well as word problems practice.

FRS Coloring Book

Designed for Preschool and Kindergarten age children. Many children of this age will be able to color pictures on their own, but you may find that you have as much fun as your child when you are actively involved. FRS Coloring Book includes 100 fun filled illustrations.

FRS Coloring Book Volume 2

Provides 100 new fun and educational illustrations for Preschool and Kindergarten age children. The alphabet, counting, basic shapes, and even the four seasons are topics that you and the children that color the pages within will encounter.

FRS Division

Practice with simple division, long division, and long division with remainders and helps illustrate that division is the opposite of multiplication.

FRS Dot to Dot and Coloring Book Fun

Designed for students from kindergarten to second grade. 100 pages of dot to dot activity and coloring book fun await in this early skills development title.

Hangman Pro

A modern take on the classic hangman word guessing game we all played when we were kids. It features colorful, non-violent graphics, digitized sounds, dozens of built-in word categories, thousands of words, unlimited lists of your own words, hints, timed games, photo fun, and much more.

iFlash

A virtual flash-card program built for Mac OS X. If you want to learn almost anything, from a foreign language to the ten-codes police officers use, iFlash is for you!

iJumble

Uses a dictionary to find all of the possible words within that dictionary that can be scrambled to produce letters of your choice.

KidsMouse

Learn to control a mouse whilst playing 15 different kinds of learning games such as ABC Puzzle, The space recognition, Paint, Memory, Number, Color Ball, Easy Puzzle, Crayon, Seesaw, Number Puzzle, Shape Puzzle, Flowerpot, USA Puzzle, World Map Puzzle.

Kids Synth

Sound creation tool for kids. You can create many types of sounds only by dragging and lining up building blocks. Kids Synth is designed to help kids to learn the basic structure of sounds. At the same time, it is also useful for adult users who want to create sound effects easily.

KIDS

TIME

Entertainment and Learning for Kids of ALL ages.

Kidwidget

Provides a fun and safe environment for families and children of all ages. While keeping your kids in a secure environment, Kidwidget offers a variety of educational and entertaining activities. Writing, painting, drawing, and more are just a click away.

KidZui

The Internet for Kids ! Over a million kid-friendly games, websites, pictures, and YouTube videos reviewed by parents.

Learn to Draw with Mrs. Hoogestraat

The 50 basic drawing lessons teach skills and concepts like perspective, rendering, and more. It provides children with the essential building blocks that young artists need. Easy-to-learn tips, tricks, and techniques are included to make the learning process both fun and challenging.

Lesson Planner Advanced

Make planning, preparing and delivering lessons in any subject child's play. Plan Well. Teach Better.

LuaLua

Prepare your little ones to feel like the VIPs they are, when playing Lua Lua games ! It's a particularly pleasing pack of 7 games for kids ages 3 to 7.

MasterSpell

A straightforward spelling drill program and Hangman game using over 3,600 included words and sentences spoken with a real voice and supplemental guidance using the Mac's Text-to-Speech.

Math Stars Plus

Practice addition, subtraction, multiplication, and division facts. Also includes 6 fun and challenging math games. Useful for elementary through high school.

Master the Facts Multiplication

The #1 no-nonsense drill and practice program to aide students in learning multiplication facts. This program was created in response to teachers requesting a "non-game" software tool to use in their classrooms to teach multiplication.

Narrator

Use Narrator to read out a play or story with different voices for each of the parts. It uses speech synthesis to read out marked passages using specified voice attributes. You can choose different voices, rates, pitches, inflections, and volumes for each character in the story. The words are highlighted on-screen, and there are also a couple of silent read-along options for stage directions, or for you to read out your own parts.

Nessy Tales

These interactive books can act as a vital bridge between listening and reading. The animations provide visual entertainment and motivation.

Pencils Down

Allows you to create the test and answer key simultaneously, saving you from having to go back and fill one out again later. You can post your tests to the Web so your students can take it on any computer, in any browser. Best of all, there's no configuration, and no need to involve your IT department.

QuizMaker Pro

Full-featured quiz application which generates, administers, archives, and scores multiple choice, matching, and short answer tests. Users can link tests and add pics, movies, sounds. Scores analyzed by individual, test or class.

Entertainment and Learning for Kids of ALL ages.

Quiz Press

Make your own quizzes, with an easy-to-use interface, that you can put on the web or print out for classroom use. Now featuring integration with Apple's iPod, import/export, answer explanations, essay questions, randomized multiple choice, teacher-graded questions and much more.

Schoolhouse

The homework manger for the Mac - With the ability to sort and organize your assignments, exams, and projects quickly and easily Schoolhouse is a must have for any student on-the-go. The power of smart notebooks allow you to interact with your work as simply as your iTunes library.

Spelling Depot

One-stop solution for the practice, assessment, and mastery of spelling lists. Lists can be generated within the program or imported from a text document. Each word can include its definition.

starQuiz

Makes computerized testing easy - Just follow three easy steps to create tests on the Internet.

Ten Thumbs

Learn the proper way to type without looking at the keys. Engaging for children and yet simple enough for adults ! Plus, its the only program that lets you learn by typing the lyrics to your favorite iTunes

Tux Paint

Interactive paint program designed for children three years and up. It combines an easy-to-use interface, fun sound effects, and an encouraging cartoon mascot who guides children as they use the program. Includes a collection of stamps and other resources for tuxpaint for use in, and specific to, Australian Schools. Content includes Australian coins, bank notes, signs, animals, plants, state flags, etc.

Worksheet Creator Addition

Need to generate random worksheets on the fly? Look no further. The Worksheet Creators are so loaded with features, you'll never be at a loss for a new worksheet for standard arithmetic again.

World of Where

The easiest way to learn the countries, capital cities, flags, provinces and physical features of the world using an interactive quiz. Using you can nail geography once and for all, and blow people away with your general knowledge for the rest of your life. It's a fun game, highly educational, and even slightly addictive.

Includes bonus collections of

- ★ Origami
- ★ Colouring Sheets
- ★ Interactive Books and
- ★ Class Activities.
